

BAINBRIDGE
SAIL&COVER

Grand Prix & Race Spinnaker

A premium range which combines unprecedented strength,
performance and quality

AIRX

- ◆ High Tenacity 6.6 yarns in a high density construction delivering light sails in higher wind ranges
- ◆ Double ripstop weave delivers exceptional burst and tear strength and reduces damage from rig contact and handling
- ◆ Fabric bias specifically engineered by weight to match optimum sail design
- ◆ High water repellency provides best physical performance and minimum sailing weight
- ◆ High density weave constructions deliver extremely low porosity which generates maximum power
- ◆ Elongation results make **AIRX** ideal for modern asymmetric sails using step-down construction
- ◆ **AIRX** excels in dealing with higher loads created by these designs

New expanded colour and weight range coupled with
race proven performance - **AIRX** the winners choice

AIRX – from the original sailcloth manufacturer – Bainbridge
