

Solacryl

Care for your cover

CARE & CLEANING TIPS FOR HIGH PERFORMANCE ACRYLIC FABRIC

Proper care and cleaning should be taken to ensure the life of Solacryl Acrylic Canvas.

For regular care and maintenance, the excess dirt should be brushed from the fabric using a soft brush; the fabric should then be sprayed with warm water (not exceeding 40°C) and air-dried.

Periodically, the fabric should undergo a more thorough cleaning. Again, brush fabric with a soft bristled brush, spray with warm water, then apply a gentle soap. Let stand for 10 to 20 minutes taking care not to let it dry, then rinse thoroughly and air-dry. Do not use detergents and/or solvents.
