

**Part Numbers: CGTP04BU****CGTP04BU**

cover guard tape is designed specifically to secure the cover guard range of products. It has a high quality cloth backing with polyethylene film and a very aggressive natural rubber/resin blend adhesive system which is water resistant and will bond to almost any surface. The tape's strong resistance to tear makes it ideal for many general industrial applications.

Colour	Blue
Dimensions	100mm x 50m
Tape Thickness	Average 0.234mm Test Method PSTC-33
Tensile Strength	Average 36.8 N/cm Test Method PSTC-31
Ball Tack	Average 3cm Test Method PSTC-6

If stored in a cool dry place the product is guaranteed for 12 months.  
To ensure results we would recommend the product is first tested on the desired surface.
